the rabbit hutch

Actually, you woulda had to been there, if ya know what I mean. No shit! Things got so fuckin' outta hand that we started referrin' to the place as a *rabbit hutch!* Actually, it wasn't really, of course, just a house. That's what it was really, just like any other house. Except, that is, for all the wild, hot sex that went there all summer long.

I don't know who came up with the idea first. It musta been ole Neil that started talkin' it up. I'm sure it was Neil. That fucker is always hot and ready to pull out that huge dick 'a his and ram it deep in any hot suckin' throat that'll take it! All I'm *really* sure of is that it was finally ole Neil that rented the place.

Ya see, all us guys were sittin' around, wonderin' what to do that summer. There was me and Neil and Jon. Now, all our folks had split for the summer, leavin' us alone. They'd gone off on one of those fancy, deluxe tours to Europe, tellin' us guys that we were old enough to look after ourselves. We sure as hell were able to do that. Not only ourselves but each other too!

Actually, it was ole Neil who really did it to us. Funny how we always called him "Ole Neil." He was a lot younger than either Jon or me. But we still called him "ole" 'cause it was him who started foolin' around the first time.

Me and Jon had had our share

of blow-jobs from the guys who hung out around the little park we passed through to get to school. That was where we first met Neil by the way. He was pumpin' his hard cock to some guy who was suckin' that kid's thing like he couldn't get enough of that hot, hard teen cock!

Well, we all got pretty friendly after that and started hangin' out together. We were goin' to that place regularly to get a fast, hot suck. We were *always* ready for a blow-job. Then, one night, ole Neil and me got a little bit stoned and damned if that little, blond fucker didn't start comin' on to me, askin' me if I'd like to have *him* suck me off instead of one of those old dudes that usually did it for me in the park shitter. Hell, I was more than ready to let that hot little blond stud swing on my big, hot, hard rod. And I'll have to say this for that little fucker, he did a hella good job of it! Pretty

soon after that, old Neil was takin' care of me and Jon both on a regular basis.

The only real problem we was havin', in fact, was that we just didn't get enough of it! That was where that summer and the place we rented came in. You see, all our folks decided to sign up for this tour together. They all got to know each other from us guys bein' friends and all. Hell, they never suspected for a second that Neil was suckin' mine and Jon's big stiff teenaged cocks until we filled that hot, wet throat of his full of our jizz. BUT . . . we didn't do it nearly as many times as we'd like to have! Me and Jon were ready to fuck that young stud's face every hour on the hour if we could have managed it without our folks findin' out about it. That was why it was so perfect when they left on that trip.

They had left us some mo for food and like that. Me and had a little more because w worked that year during sch Neil didn't have to work at That fucker's family was rollin money! So, when it finally ca

when they left on that trip.

They had left us some money for food and like that. Me and Jon had a little more because we'd worked that year during school. Neil didn't have to work at all. That fucker's family was rollin' in money! So, when it finally came time to really rent the place, he put up *all* the money. We even thought he was kiddin' us at first until he went to the bank and took out enough to cover the rent for the whole summer.

Fuck! It was gonna be perfect, all three'a us bein' in the same place together, our own place, where we could get into some heavy, hot sex scenes without ever bein' caught and gettin' away from the pryin' eyes of the neighbors, who we were sure our folks had told to keep an eye on us.

We knew right away that we

were movin' into the right place when the guy who was showin' us the house started comin' on a little "funny" if you know what I mean. That dude kept his eyes glued on all three of our cocks that were outlined in our tight Levi's, while showin' us through the house.

I'm sure that fucker thought that we were just three hot-nutted high-school kids who wanted to come out there and get our cocks sucked! You see, on purpose we'd picked this island where a lot of guys took places for the summer. It was actually Neil that knew about the place. He later told us that he'd learned about the island from some stud who'd picked him up in the park john, taken him over there and sucked that blond kid's cock all night long. Neil also told us that it was the first time he'd ever sucked another stud's prick but that he'd done it five or six times to that stud that night!

Anyway, the fucker who was showin' us the place was fuckin' droolin' all over himself by the time we got way back into the place. When he finally showed us where the bathroom was he had a big stiffer stickin' out in his tight pants. Well, we were sure as hell gonna take advantage of that. First it was Jon. Me and Neil sorta "wandered" off while Jon said he had to take a leak. He pulled out his big prick right there in front of the guy. It was half hard already from the lookin' the guy had been givin' it. Me and Neil didn't even have time to get around the fuckin' corner of the room before that guy was on his knees goin' to work on Jon's big, hard tool. Just as soon as Jon let out that grunt that told us he'd cracked his nuts, emptyin' a hot cum load into the guy's throat, I went in and shoved *my* big dick in the guy's mouth while Jon was stickin' his back in his pants. Neil followed me right in and started jackin' while he watched us. Just as soon as I shot ole Neil walked up and rammed that monster cock'a his right in the guy's mouth. That cocksucker got *two* hot cum loads outta hot teen nuts in a matter of *seconds!*

Like I say the dude was more'n happy just to get all that hot cock and hot cum blasted in his throat,

Like I say the dude was more'n happy just to get all that hot cock and hot cum blasted in his throat,

so when we told him we'd take the place, he about fuckin' fell over! I'm sure he still thought we was kiddin' until Neil pulled out that big roll'a bills and paid the guy!

Well, that was the start of it, how it all began. I mean to tell ya that it was sure one hell of a summer! Fuck! I thought it was gonna be great but I sure as shit *never* thought it was goin' to be as wild as it turned out to be!

Since mine and Jon's folks were out of the country it really wasn't too hard for us to get away. I told my sister that I had a job at the beach and it included a place to stay and that I'd be gone all summer. Jon didn't have no one at home except him, so there was no problem there. The only person who did have a problem was ole Neil.

Now there's just no way we could have done it without Neil. I mean, he was the one who'd walk up to *anyone* and start comin' on to 'em. Hell, I was sure if Neil didn't come along then Jon and I would have probably ended up just jacking each other off all summer long!

Neil's biggest problem was that he wasn't out of *high school* yet! Well, actually me and Jon weren't either but we would be seniors when we went back to school and that was almost as good as being out. Hell, Neil was just in his first year of high school, a fuckin' *freshman!* The little fucker was only *fifteen!* Hell, me'n Jon were EIGHTEEN . . . almost. But, we could pretty much come and go just exactly as we pleased . . . that is if our folks didn't kick up too much a fuss.

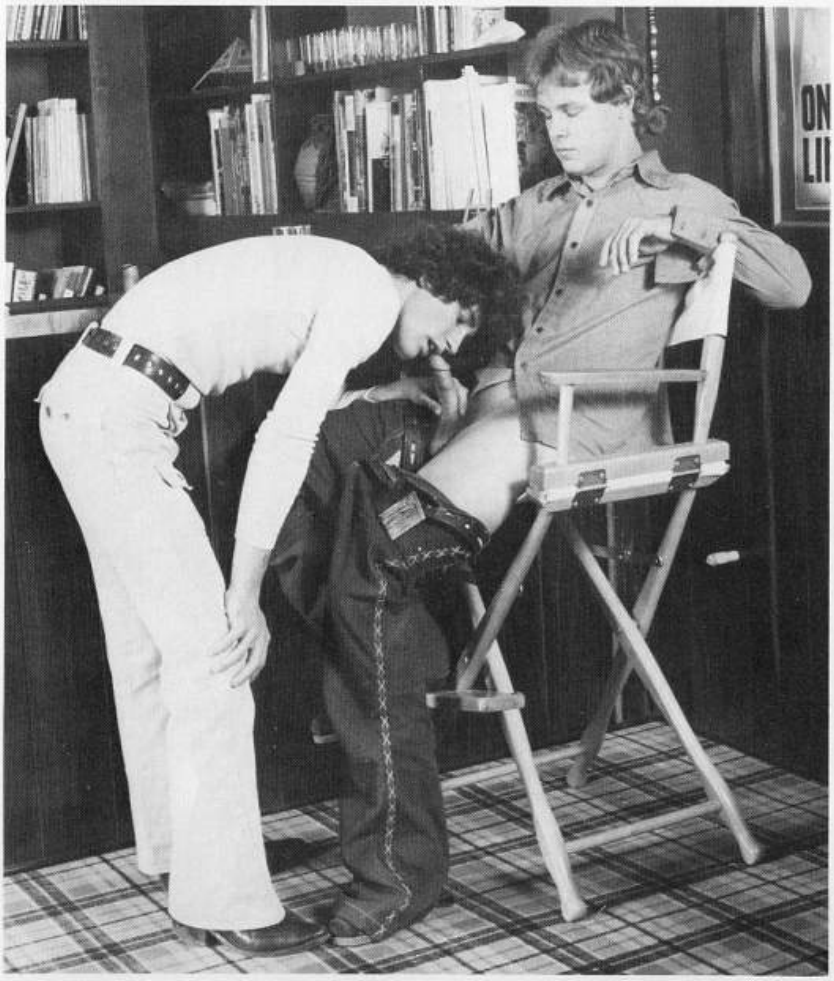
So, the kid Neil was havin' a problem. His folks had this housekeeper and she said that she wasn't about to let him be gone all summer. That about sent it all down the drain. But . . . wouldn't you know that fate was on our side. The housekeeper also had this hunky boyfriend. AND . . . Neil recognized him as one of the guys he'd been sucking off in the park shitter on a regular basis!! Ain't that a fuckin' blast in the ass! Now, that Neil is a dubious little fuck, I'll tell ya! He told the boyfriend that if he didn't convince the housekeeper to let him go away for the summer and *not* tell his parents, that Neil would tell her about the hot, hard dick that her boyfriend loved to shove down his, Neil's, throat. Well, that big stud didn't take more than that afternoon to convince the housekeeper. Neil told me and Jon that he listened and the big guy just kept shovin' the hard cock to the housekeeper and tellin' her that if the kid, he meant Neil, left for the summer that he could move in and they could do it all the time! Hell, that cunt jumped

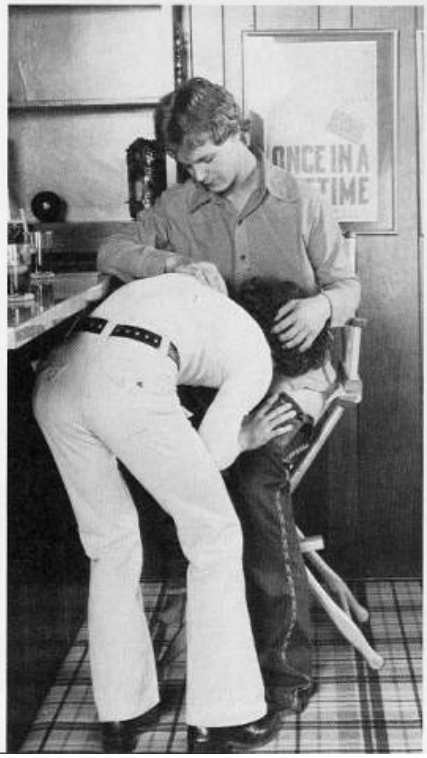
right for the chance. Then, son-of-a-bitch, if the guy didn't come into Neil's room to tell him the good news and then proceed to face-fuck the shit out of Neil! Bet your fuckin' ass that Neil loved it too!!

Anyway, that pretty much took care of *that* little problem and there we were, all set and ready to go in our new, summer place!

When I think back about it, I guess it was only natural that ole Neil go out to the island first. That's really funny if you think about it since it was him who had so much trouble gettin' to go in the first place. But, sure enough, it was Neil who was able to take off and get out there a day before Jon and me. Ya see, both of us had this last thing we had to do, goin' to be seniors in school next fall and all, at the school.

I was goin' to go out with Jon but he got hung-up with some dude that we both were sure was hot for Jon's body. By that time Jon was startin' to come almost as much as Neil, about gettin' sucked and like that. In the back of my mind I must admit I had this suspicion that Jon *wasn't* always the

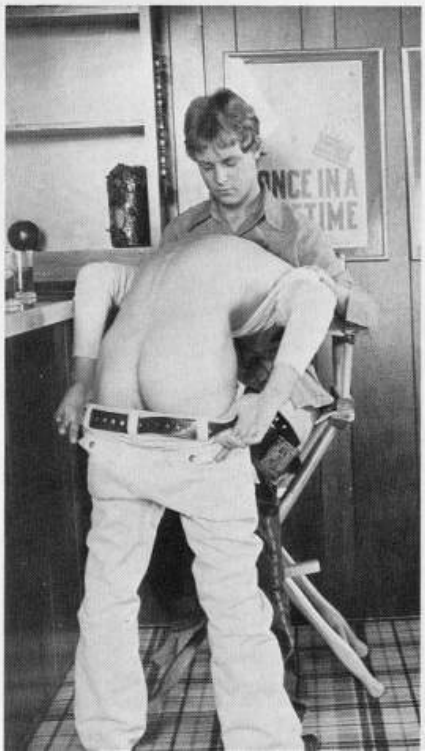




one who did all the *givin'*. I was pretty sure that stud, from the way he'd been checkin' the guy's crotches out lately, was gettin' as much hot cock shoved down his throat as he was shovin' his own hot cock down another dude's throat. I sure did wish I knew for sure then because Jon was a good-lookin' guy and I'd a'been happy to feed that hunk every inch of my hard, hot fuck rod!

Funny, later as it turns out, the guy wasn't comin' on to Jon at all. In fact, he threatened to beat the shit outta Jon for comin' on to him like he did!

Anyway, I really wasn't too worried about that. In fact, I really wasn't too worried that Jon wasn't goin' to come along at the same time I did. All I really was



worried about was my constantly throbbin' prick. Shit! I'd been gettin' it serviced at least three times a day since Neil had started doin' it for me. Now that school was out even the regular crew of cocksuckers that hung out at the park john weren't around very often. In other words, I was fuckin' HORNY!

I threw my clothes into a bag just as quick as I could and headed right to the island. When I got to the house, hell, I didn't even bother to knock. Since I knew how

much ole Neil had gotten to love cock, I just pulled out my big, hard stiffer and worked it a coupla times in my fist. I busted through the door, ready to shove it in his throat. I was so fuckin' horny, I was shakin'!!

Man, what I saw in front of me was one of the hottest fuckin' scenes I *ever* saw. Be damned if that little fucker, Neil, wasn't spread out in the middle of the

livin'-room floor with these two studs, who I later found out lived next door. One of them was shovin' a cock deep in Neil's throat while the other one was shovin' this huge, hard dick all the way up to the hilt in Neil's *asshole!* Now, I'd heard about ass-fuckin' another dude but I'd never *actually* seen it with my own eyes! Now, here it was right in front of me! I gotta say, ole Neil sure looked like he was *lovin'* it!

A little later that day I found out for *myself* that was *exactly* how Neil felt about gettin' a big dick rammed in his asshole. He LOVED it! But then I didn't have time to find out anything. That fuckin' and suckin' scene got to me so much I just couldn't stop my jackin' fist and it didn't take more'n a coupla strokes and I filled my hand damn near full of my own hot, slick *cum!!*

I leaned against the door pantin' and shit if one of those hot dudes from next door didn't crawl over and lick my hand clean! SHIT! Now, that fuckin' turned me on again so fuckin' much that my cock sprang right back up in a full, hard, hot stiffer and that hand lickin' son-of-a-bitch sucked it down his throat and got *another* hot cum load in no time at all! I *musta* been fuckin' horny!

I sure as shit know I was horny enough to ram my cock in Neil's hot, tight butt before Jon came over to the island that afternoon. I filled that humpin' ass fulla cum just like that hunky dude from next door had done that same morning. I even gotta admit that while I was rammin' the meat to Neil, he got so turned on that he started *kissin'* me, right on the

mouth. Hell, I was so fuckin' hot, I kissed him *right back!!*

By the time Jon got there I was pretty well shot, or at least that was what I thought. Not ole Neil. Hell, he met Jon at the door and almost ripped that fucker's clothes right off. He went down on Jon in full view of the street! Jon didn't even try and stop him. He just pumped the prick to that suckin' face, not carin' if anybody could see or not! And, they sure as hell *could!* These two guys, musta been kids not more'n sixteen themselves, were drivin' by on their bikes. They pulled up when they saw what was goin' on and jacked-off while they watched! Now, no shit, there was no way I

didn't keep from gettin' turned on, not with all that goin' on! One of the kids came over to me and tried to get me to suck his cock but I told him that I didn't go that route. And, I don't. That is, I do . . . now, but I didn't, not then!

You see, up until then I myself personally hadn't sucked another dude's dick. I musta admit I *had* thought about it a lot, I mean, what it would taste and feel like and all that. But, I hadn't ever actually taken a dick in my mouth. I did taste my own cum one time, though. Well, there stood that humpy little teenaged stud. When I told him I didn't suck cock he

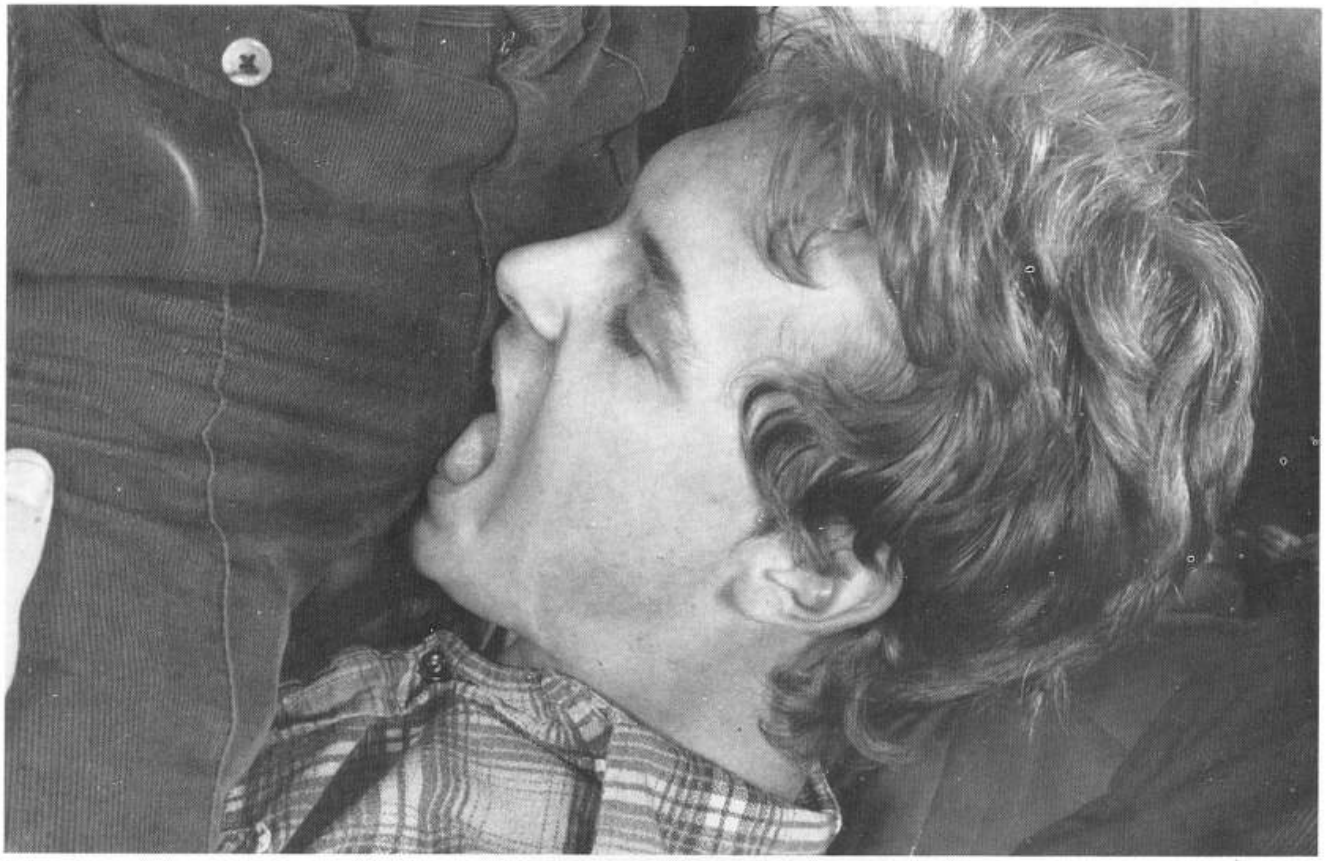
looked me right in the eyes and told me that *he* DID!! With that, the little fucker was on his knees and goin' after my hard dick, takin' it as deep in his throat as he could shove it!

His buddy came over to watch us. He took my hand and put it around his hard throbbin' prick. I worked it a little in my fist. Then he sorta took the back of my head and gave it a little shove down. My lips touched the tip of his hot prick head. He thrust his hips up. That hard cock slid right between my lips and into my throat! I really guess I musta not been very good at first but that didn't seem to phase that kid. He really rammed it to me, fuckin' the shit outta my face. I was about to pull off and tell him not to cum in my mouth when it happened. That fucker filled my mouth full of hot jizz at the same time I was fillin' his buddy's mouth full of my own hot cum! I gotta admit that I was so fuckin' turned on that I didn't even have time to think about what was goin' on, much less spittin' that cum load out. I fuckin' swallowed *every drop!!*

Now, after it was all over and all, thinkin' about it would have pretty much blown me away, *except* I looked over to where Neil and Jon were. They were no longer alone. A couple of other dudes had joined them. One of the guys was suckin' Neil's hot cock and the other one was tryin' to fuck Jon in the ass!

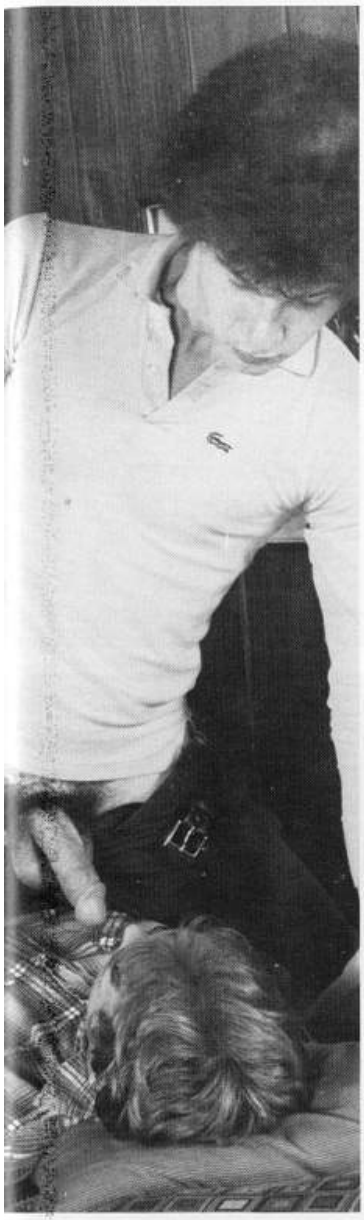
All I could do was watch what was happenin', totally dumbfounded. Jon wasn't even tryin' to make the guy stop. In fact, he was actually tryin' to *help* the stud get that big dick, one of the biggest I'd *ever* seen, up his butt. Well, they finally got it in. Jon started screamin' like the guy was rippin' him apart. I'm sure from the size of that monster cock the guy musta been doin' *exactly* that. Shit! I'll fuckin' bet he almost ripped out a new asshole for Jon! But, sure as shit, pretty soon Jon

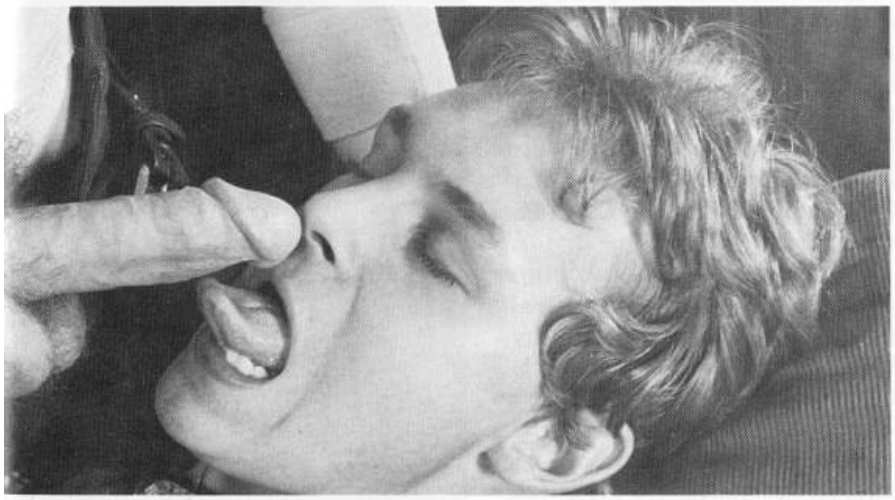


BODY

was really drivin' his hips back on that thing and beggin' the guy to *really* ram it to him, to really *fuck* the shit outta him, sayin' that he *loved* it and had it done to him *lots* of time before!

Well, I couldn't hardly wait. Just as soon as the guy blasted his nuts, fillin' Jon with hot cum, I moved in right behind Jon myself. I shoved my cock in that tight asshole. I fucked the hell out of that





bastard. Part of me was doin' it so rough because he'd never told me before that he *liked* it and I was pissed about all the hot times we'd missed out on! I sure as shit intended to make up for them too! I'll tell you that for sure!!

That was when I felt that first cock inchin' into my *own* little butt, while I was still poundin' the shit outta Jon's butt. I musta been good at ass-fuckin' because Jon was beggin' me to really ram it to him, to really rip his asshole apart!

At first that cockhead jabbin' at my butt just sorta fooled around at the crack a'my ass. Then the head sorta slid in, then a hard jerk of the dude's hips and that cock rammed its way—actually I should say *RIPPED its way*—all the way into my tight, virgin asshole! I fuckin' *SCREAMED.* BUT, that turned the bastard on *even more!* He pounded away, rippin' the shit outta me!!

I finally managed to turn around and look and, be damned, if it wasn't *NEIL!!* That horny, blond fucker was really plowin' my butt. I gotta admit when I saw who it was, that I did relax a little. Another reason, I gotta confess, is that it was startin' to feel, well,

not really *good,* but kinda like this fire was just startin' to go off somewhere deep inside my guts. Then, just then, ole Neil hit somethin' somewhere deep inside me with his hard, hot cock. It fuckin' felt like fireworks were goin' off in my guts!! I have NEVER, *NEVER* felt anything like that. Then my nuts fuckin' exploded and I musta shot a gallon of cum into Jon's buckin' butt!!

I was sure that I had had it, I mean I had *really* had it. I'd already shot off five or six times, sucked a huge cock on a hot teenager and gotten the shit fucked outta my ass by my buddy, Neil. All I was fuckin' good for was sleepin'. I sagged onto the floor and just collapsed into a useless, fuckin' *heap!*

Well, I musta gotten about five or ten minutes' sleep. What woke me up was the sound of a cock being sucked! Now that'll *always* wake me up!! I looked up. There was Jon workin' on this humpy guy's big dick, suckin' like his life depended on it! The guy was the *phone man.* He still had his fuckin' uniform on. That hot fuckin' Jon hadn't even given the dude time to undress before goin' to

BROWN'S BODY

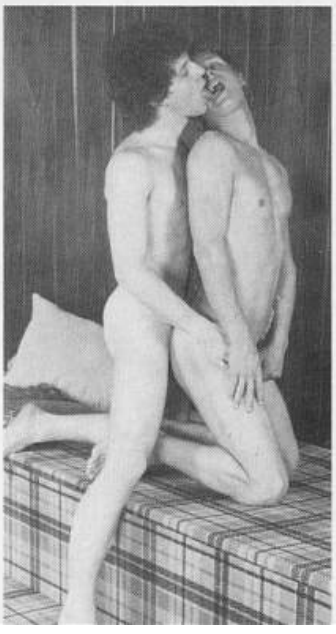
work on the stud's big droolin' rammer!

That was when this wild thing started goin' on inside me. I wondered what it would feel like to take a big, husky, grown-up man's cock in my throat. I inched myself over and started lickin' the guy's balls while Jon worked on his cock. The guy moaned. Jon smiled at me and, pullin' his mouth off the guy's cock, offered it to me. I just sorta closed my eyes and let that big stiff thing inch into my mouth, only it didn't *stop* inchin' until it was shoved all the way in my throat! That fucker gave me a face fuckin' I'll *never* forget, no matter how many cocks I suck, and I sure as shit *do* intend to suck a lot of them, *LOTS AND LOTS!!*

Well, I sure got a start this summer. You name it and I sucked it, sailors, milkmen, kids on the island without their parents knowin' it, even the *cop* who patrols the beach for christ sakes! I mean every one of them!! AND, I didn't just stop with suckin' either. I got

every one of those big, hard, hot pricks shoved up my asshole at least once! Then, too, there was that hot lifeguard at the beach. Hell, I let that dude ram his big dick to me any way he fuckin' wanted to do it!! And *did* he ever fuckin' want to do it, every way he could, again and again and again!!

As far as me and Neil and Jon, well, if there was ever time when we didn't have that place full of hot-nutted, hard-cocked guys—which of course there *wasn't*—we still managed to find time for each other! I mean, no matter how many other guys there were



around that place, big hard throbbin' cocks stickin' outta their pants, me 'n Jon 'n Neil could *always* find time for each other!

Hell, I don't even know how many times I sucked Jon or let him suck me last summer. I don't know how many times I fucked him or vice versa because by that time I'd really learned to love my vice versa—if ya get the little joke! The same was true of Neil and me and Neil and Jon and, I gotta confess, many times Jon and Neil and me all at the same time. Now *that* was *really* hot! Even now there's nothin' better that I can think of than gettin' my mouth on a hot cock, unless it's *TWO* hot, hard, ready-to-spurt hot cocks!!

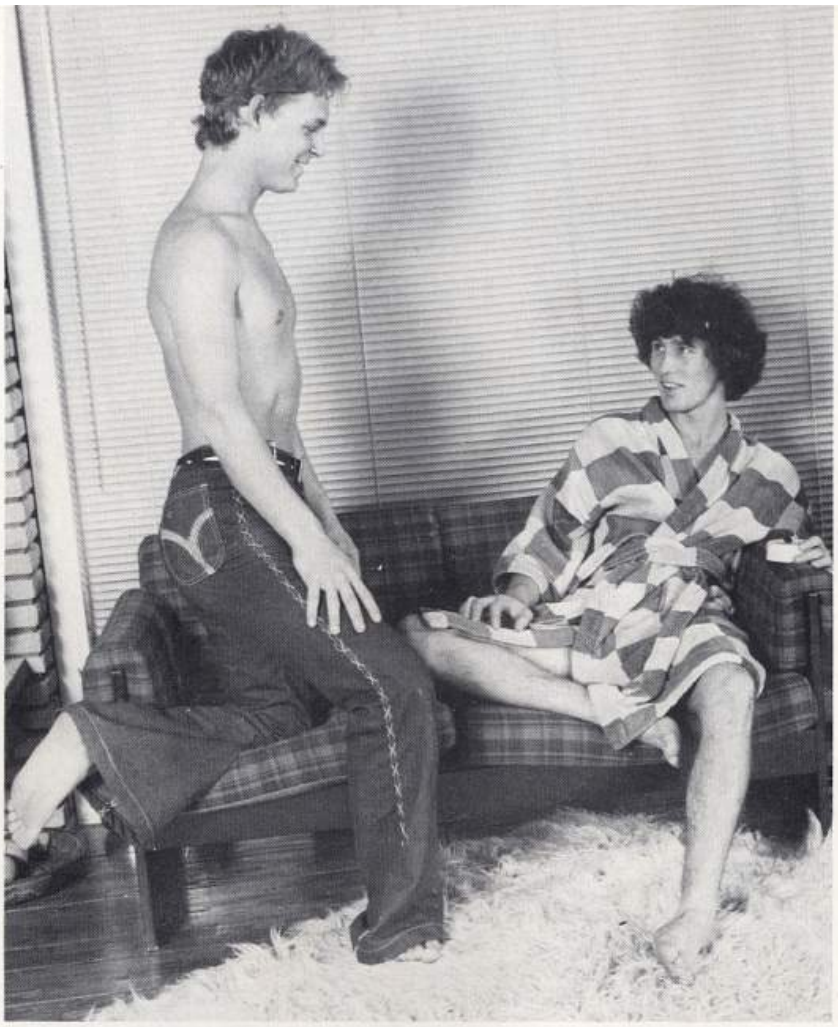
And, that is how I spent my summer vacation!

Barry Matlin

Mr. White—

This isn't part of the essay you asked us to do for English class. But, I did think I'd better add a couple of notes of explanation. Ya see, I've tried to be really "original" like you told us to be. I even made up a title for my essay, instead of just callin' it "How I Spent My Summer Vacation" like I'll bet half the fuckin' class did. Another thing, about the language. Well, it's how I talk and you said for us to write just the same way we talked. Then you asked us to write about something that we had really experienced but to do it in such a way that it would be interesting. Well, that's just what I tried to do.

All this is absolutely true. It's just as it happened this summer to Jon Amos, Neil Boarth and me, Barry Matlin. As to its bein' interesting, well, I gotta tell you that I've been watchin' you and seein' the way you've been checkin' out the bulge in my pants. If you wanna know, it's really real, every inch of cock that you see is me. I knew you were interested when you got up from your desk and



you had a hard-on, just like the one I had, from workin' it a little bit in my pants, gettin' it good and stiff and ready f o r when me and Neil and Jon have gym class together. Once I saw that big thing of yours stickin' out in your pants, and I knew I *just* had to get my hands on it, or my mouth or my asshole or whatever else you'd let me get it with. I'm pretty sure that *you'd* go for it! I sure as hell know *I* would!!

As to the suggestion you made, you know, about usin' our imaginations in preparing and presenting our essays, well, it just so happens that me and Jon and Neil took some wild photos during last summer. We tried to get some of the studs we did it with to pose for pictures too, but none of them would do it, so I'm afraid that all these photos are just the three of us, suckin' and fuckin', but you do have to admit they are pretty fuckin' hot! I've put them togeth-

er in this book-like thing so you can look at them without causing any suspicion when you do. Oh yeah, sorry if some of the ones of Neil and Jon are a little fuzzy, but I was so fuckin' hot that I could hardly hold the camera, much less focus the fuckin' thing! It is pretty rough to try and take pictures and jack-off at the same time. *You* should try it sometime, me and Jon and Neil would be glad to pose for you if we could watch you jack-off!!

Also, I hope you understand the title. It's really easy if you think about it. You know the old expression, "Fuck like a rabbit," well, since that's what the three of us did all summer, that's what we decided to call the place. It is a name that couldn't be more in keepin' with what went on in that place.

The last thing I hope is that you like my essay and I sure do hope that I'll get a real good grade.

Actually, you woulda had to been there, if ya know what I mean. No shit! I don't know who came up with the idea first. It musta been ole Neil that started talkin' it up. I'm sure it was Neil. That fucker is always hot and ready to pull out that huge dick 'a his and ram it deep in any hot suckin' throat that'll take it! All I'm *really* sure of is that it was finally ole Neil that rented the place.

Ya see, all us guys were sittin' around, wonderin' what to do that summer. There was me and Neil and Jon. Now, all our folks had split for the summer, leavin' us alone. They'd gone off on one of those fancy, deluxe tours to Europe, tellin' us guys that we were old enough to look after ourselves. We sure as hell were able to do that. Not only ourselves but each other too!

Actually, it was ole Neil who really did it to us. Funny how we always called him "Ole Neil." He was a lot younger than either Jon or me. But we still called him "ole" 'cause it was him who started foolin' around the first time.

Me and Jon had had our share

of blow-jobs from the guys who hung out around the little park we passed through to get to school. That was where we first met Neil by the way. He was pumpin' his hard cock to some guy who was suckin' that kid's thing like he couldn't get enough of that hot, hard teen cock!

Well, we all got pretty friendly after that and started hangin' out together. We were goin' to that place regularly to get a fast, hot suck. We were *always* ready for a blow-job. Then, one night, ole Neil and me got a little bit stoned and damned if that little, blond fucker didn't start comin' on to me, askin' me if I'd like to have *him* suck me off instead of one of those old dudes that usually did it for me in the park shitter. Hell, I was more than ready to let that hot little blond stud swing on my big, hot, hard rod. And I'll have to say this for that little fucker, he did a hella good job of it! Pretty

soon after that, old Neil was takin' care of me and Jon both on a regular basis.

The only real problem we was havin', in fact, was that we just didn't get enough of it! That was where that summer and the place we rented came in. You see, all our folks decided to sign up for this tour together. They all got to know each other from us guys bein' friends and all. Hell, they never suspected for a second that Neil was suckin' mine and Jon's big stiff teenaged cocks until we filled that hot, wet throat of his full of our jizz. BUT . . . we didn't do it nearly as many times as we'd like to have! Me and Jon were ready to fuck that young stud's face every hour on the hour if we could have managed it without our folks findin' out about it. That was why it was so perfect when they left on that trip.

They had left us some mo for food and like that. Me and had a little more because w worked that year during sch Neil didn't have to work at That fucker's family was rollin money! So, when it finally ca

when they left on that trip.

They had left us some money for food and like that. Me and Jon had a little more because we'd worked that year during school. Neil didn't have to work at all. That fucker's family was rollin' in money! So, when it finally came time to really rent the place, he put up *all* the money. We even thought he was kiddin' us at first until he went to the bank and took out enough to cover the rent for the whole summer.

Fuck! It was gonna be perfect, all three'a us bein' in the same place together, our own place, where we could get into some heavy, hot sex scenes without ever bein' caught and gettin' away from the pryin' eyes of the neighbors, who we were sure our folks had told to keep an eye on us.

We knew right away that we

were movin' into the right place when the guy who was showin' us the house started comin' on a little "funny" if you know what I mean. That dude kept his eyes glued on all three of our cocks that were outlined in our tight Levi's, while showin' us through the house.

I'm sure that fucker thought that we were just three hot-nutted high-school kids who wanted to come out there and get our cocks sucked! You see, on purpose we'd picked this island where a lot of guys took places for the summer. It was actually Neil that knew about the place. He later told us that he'd learned about the island from some stud who'd picked him up in the park john, taken him over there and sucked that blond kid's cock all night long. Neil also told us that it was the first time he'd ever sucked another stud's prick but that he'd done it five or six times to that stud that night!

Anyway, the fucker who was showin' us the place was fuckin' droolin' all over himself by the time we got way back into the place. When he finally showed us where the bathroom was he had a big stiffer stickin' out in his tight pants. Well, we were sure as hell gonna take advantage of that. First it was Jon. Me and Neil sorta "wandered" off while Jon said he had to take a leak. He pulled out his big prick right there in front of the guy. It was half hard already from the lookin' the guy had been givin' it. Me and Neil didn't even have time to get around the fuckin' corner of the room before that guy was on his knees goin' to work on Jon's big, hard tool. Just as soon as Jon let out that grunt that told us he'd cracked his nuts, emptyin' a hot cum load into the guy's throat, I went in and shoved *my* big dick in the guy's mouth while Jon was stickin' his back in his pants. Neil followed me right in and started jackin' while he watched us. Just as soon as I shot ole Neil walked up and rammed that monster cock'a his right in the guy's mouth. That cocksucker got *two* hot cum loads outta hot teen nuts in a matter of *seconds!*

Like I say the dude was more'n happy just to get all that hot cock and hot cum blasted in his throat,

Like I say the dude was more'n happy just to get all that hot cock and hot cum blasted in his throat,

so when we told him we'd take the place, he about fuckin' fell over! I'm sure he still thought we was kiddin' until Neil pulled out that big roll'a bills and paid the guy!

Well, that was the start of it, how it all began. I mean to tell ya that it was sure one hell of a summer! Fuck! I thought it was gonna be great but I sure as shit *never* thought it was goin' to be as wild as it turned out to be!

Since mine and Jon's folks were out of the country it really wasn't too hard for us to get away. I told my sister that I had a job at the beach and it included a place to stay and that I'd be gone all summer. Jon didn't have no one at home except him, so there was no problem there. The only person who did have a problem was ole Neil.

Now there's just no way we could have done it without Neil. I mean, he was the one who'd walk up to *anyone* and start comin' on to 'em. Hell, I was sure if Neil didn't come along then Jon and I would have probably ended up just jacking each other off all summer long!

Neil's biggest problem was that he wasn't out of *high school* yet! Well, actually me and Jon weren't either but we would be seniors when we went back to school and that was almost as good as being out. Hell, Neil was just in his first year of high school, a fuckin' *freshman!* The little fucker was only *fifteen!* Hell, me'n Jon were EIGHTEEN . . . almost. But, we could pretty much come and go just exactly as we pleased . . . that is if our folks didn't kick up too much a fuss.

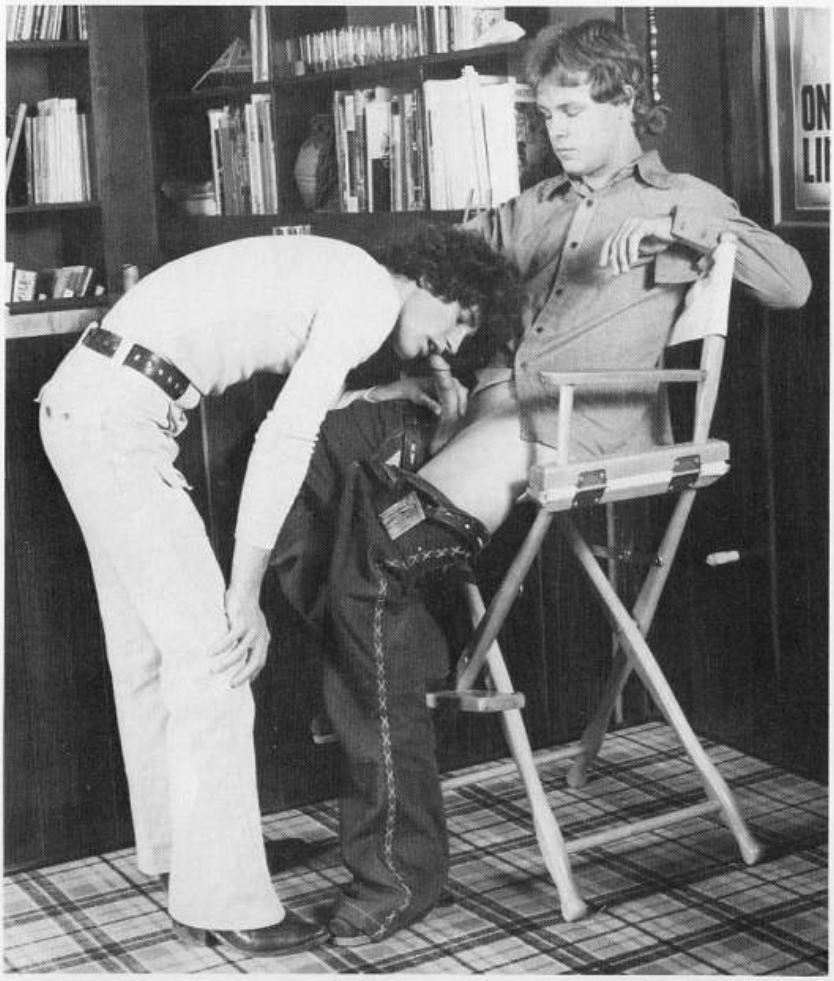
So, the kid Neil was havin' a problem. His folks had this housekeeper and she said that she wasn't about to let him be gone all summer. That about sent it all down the drain. But . . . wouldn't you know that fate was on our side. The housekeeper also had this hunky boyfriend. AND . . . Neil recognized him as one of the guys he'd been sucking off in the park shitter on a regular basis!! Ain't that a fuckin' blast in the ass! Now, that Neil is a dubious little fuck, I'll tell ya! He told the boyfriend that if he didn't convince the housekeeper to let him go away for the summer and *not* tell his parents, that Neil would tell her about the hot, hard dick that her boyfriend loved to shove down his, Neil's, throat. Well, that big stud didn't take more than that afternoon to convince the housekeeper. Neil told me and Jon that he listened and the big guy just kept shovin' the hard cock to the housekeeper and tellin' her that if the kid, he meant Neil, left for the summer that he could move in and they could do it all the time! Hell, that cunt jumped

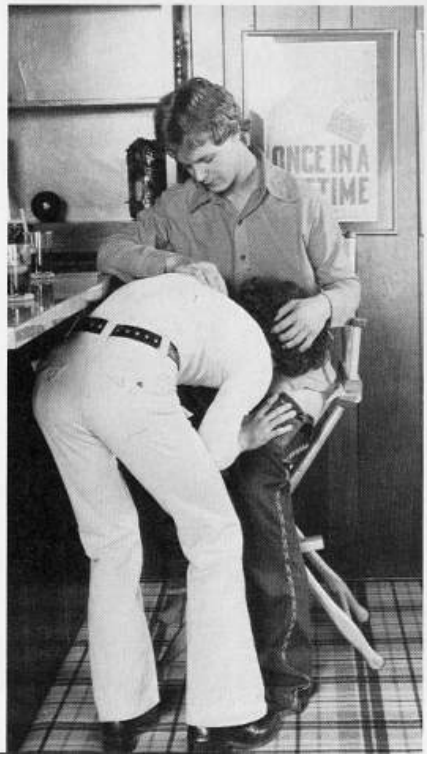
right for the chance. Then, son-of-a-bitch, if the guy didn't come into Neil's room to tell him the good news and then proceed to face-fuck the shit out of Neil! Bet your fuckin' ass that Neil loved it too!!

Anyway, that pretty much took care of *that* little problem and there we were, all set and ready to go in our new, summer place!

When I think back about it, I guess it was only natural that ole Neil go out to the island first. That's really funny if you think about it since it was him who had so much trouble gettin' to go in the first place. But, sure enough, it was Neil who was able to take off and get out there a day before Jon and me. Ya see, both of us had this last thing we had to do, goin' to be seniors in school next fall and all, at the school.

I was goin' to go out with Jon but he got hung-up with some dude that we both were sure was hot for Jon's body. By that time Jon was startin' to come almost as much as Neil, about gettin' sucked and like that. In the back of my mind I must admit I had this suspicion that Jon *wasn't* always the

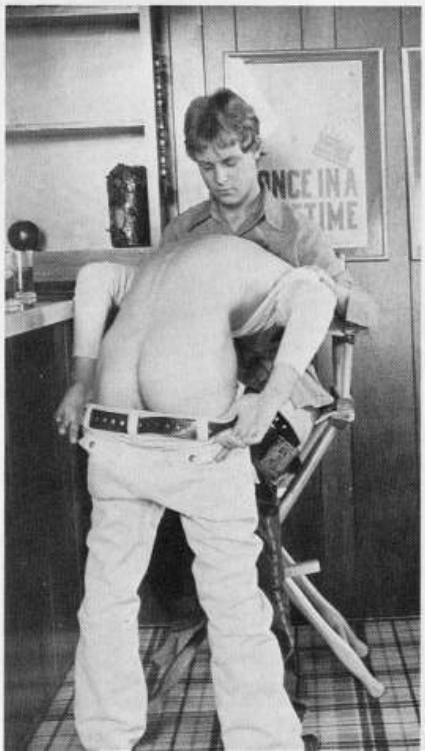




one who did all the *givin'*. I was pretty sure that stud, from the way he'd been checkin' the guy's crotches out lately, was gettin' as much hot cock shoved down his throat as he was shovin' his own hot cock down another dude's throat. I sure did wish I knew for sure then because Jon was a good-lookin' guy and I'd a'been happy to feed that hunk every inch of my hard, hot fuck rod!

Funny, later as it turns out, the guy wasn't comin' on to Jon at all. In fact, he threatened to beat the shit outta Jon for comin' on to him like he did!

Anyway, I really wasn't too worried about that. In fact, I really wasn't too worried that Jon wasn't goin' to come along at the same time I did. All I really was



worried about was my constantly throbbin' prick. Shit! I'd been gettin' it serviced at least three times a day since Neil had started doin' it for me. Now that school was out even the regular crew of cocksuckers that hung out at the park john weren't around very often. In other words, I was fuckin' HORNY!

I threw my clothes into a bag just as quick as I could and headed right to the island. When I got to the house, hell, I didn't even bother to knock. Since I knew how

much ole Neil had gotten to love cock, I just pulled out my big, hard stiffer and worked it a coupla times in my fist. I busted through the door, ready to shove it in his throat. I was so fuckin' horny, I was shakin'!!

Man, what I saw in front of me was one of the hottest fuckin' scenes I *ever* saw. Be damned if that little fucker, Neil, wasn't spread out in the middle of the

livin'-room floor with these two studs, who I later found out lived next door. One of them was shovin' a cock deep in Neil's throat while the other one was shovin' this huge, hard dick all the way up to the hilt in Neil's *asshole!* Now, I'd heard about ass-fuckin' another dude but I'd never *actually* seen it with my own eyes! Now, here it was right in front of me! I gotta say, ole Neil sure looked like he was *lovin'* it!

A little later that day I found out for *myself* that was *exactly* how Neil felt about gettin' a big dick rammed in his asshole. He LOVED it! But then I didn't have time to find out anything. That fuckin' and suckin' scene got to me so much I just couldn't stop my jackin' fist and it didn't take more'n a coupla strokes and I filled my hand damn near full of my own hot, slick *cum!!*

I leaned against the door pantin' and shit if one of those hot dudes from next door didn't crawl over and lick my hand clean! SHIT! Now, that fuckin' turned me on again so fuckin' much that my cock sprang right back up in a full, hard, hot stiffer and that hand lickin' son-of-a-bitch sucked it down his throat and got *another* hot cum load in no time at all! I *musta* been fuckin' horny!

I sure as shit know I was horny enough to ram my cock in Neil's hot, tight butt before Jon came over to the island that afternoon. I filled that humpin' ass fulla cum just like that hunky dude from next door had done that same morning. I even gotta admit that while I was rammin' the meat to Neil, he got so turned on that he started *kissin'* me, right on the

mouth. Hell, I was so fuckin' hot, I kissed him *right back!!*

By the time Jon got there I was pretty well shot, or at least that was what I thought. Not ole Neil. Hell, he met Jon at the door and almost ripped that fucker's clothes right off. He went down on Jon in full view of the street! Jon didn't even try and stop him. He just pumped the prick to that suckin' face, not carin' if anybody could see or not! And, they sure as hell *could!* These two guys, musta been kids not more'n sixteen themselves, were drivin' by on their bikes. They pulled up when they saw what was goin' on and jacked-off while they watched! Now, no shit, there was no way I

didn't keep from gettin' turned on, not with all that goin' on! One of the kids came over to me and tried to get me to suck his cock but I told him that I didn't go that route. And, I don't. That is, I do . . . now, but I didn't, not then!

You see, up until then I myself personally hadn't sucked another dude's dick. I musta admit I *had* thought about it a lot, I mean, what it would taste and feel like and all that. But, I hadn't ever actually taken a dick in my mouth. I did taste my own cum one time, though. Well, there stood that humpy little teenaged stud. When I told him I didn't suck cock he

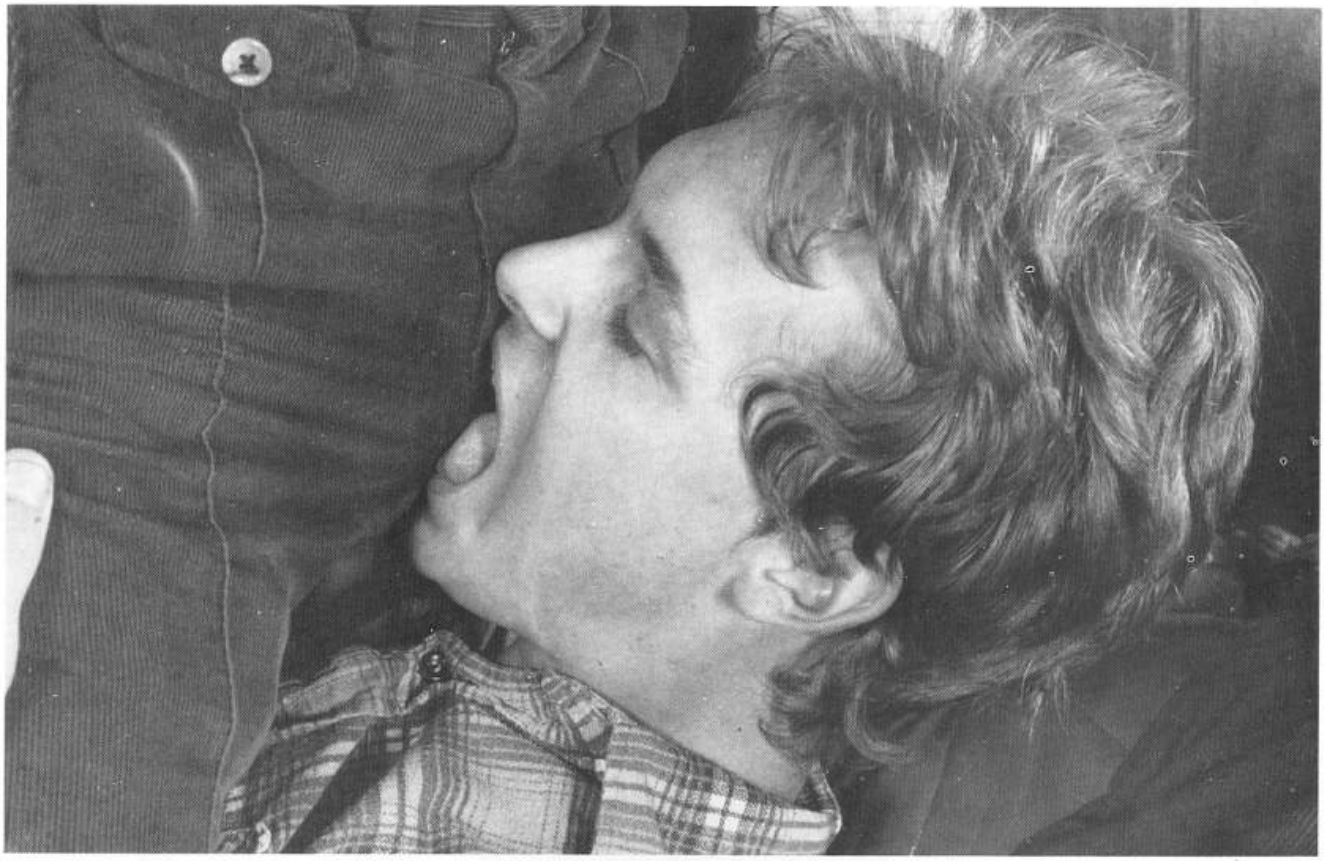
looked me right in the eyes and told me that *he* DID!! With that, the little fucker was on his knees and goin' after my hard dick, takin' it as deep in his throat as he could shove it!

His buddy came over to watch us. He took my hand and put it around his hard throbbin' prick. I worked it a little in my fist. Then he sorta took the back of my head and gave it a little shove down. My lips touched the tip of his hot prick head. He thrust his hips up. That hard cock slid right between my lips and into my throat! I really guess I musta not been very good at first but that didn't seem to phase that kid. He really rammed it to me, fuckin' the shit outta my face. I was about to pull off and tell him not to cum in my mouth when it happened. That fucker filled my mouth full of hot jizz at the same time I was fillin' his buddy's mouth full of my own hot cum! I gotta admit that I was so fuckin' turned on that I didn't even have time to think about what was goin' on, much less spittin' that cum load out. I fuckin' swallowed *every drop!!*

Now, after it was all over and all, thinkin' about it would have pretty much blown me away, *except* I looked over to where Neil and Jon were. They were no longer alone. A couple of other dudes had joined them. One of the guys was suckin' Neil's hot cock and the other one was tryin' to fuck Jon in the ass!

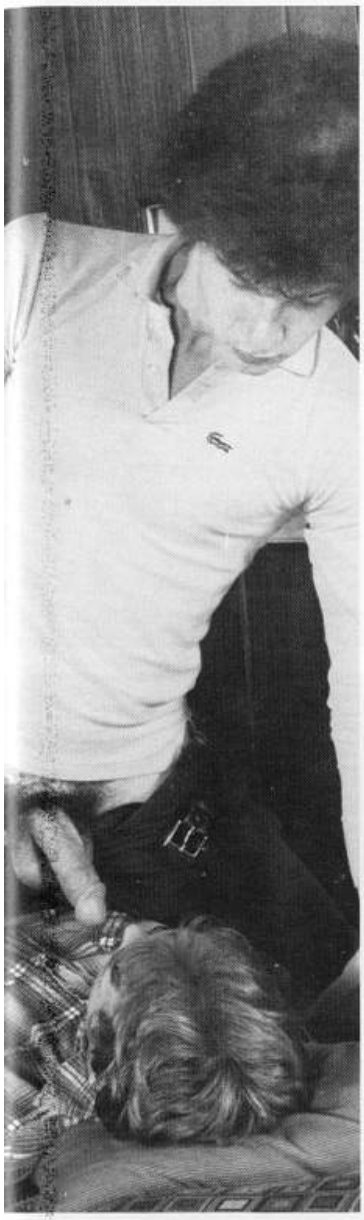
All I could do was watch what was happenin', totally dumbfounded. Jon wasn't even tryin' to make the guy stop. In fact, he was actually tryin' to *help* the stud get that big dick, one of the biggest I'd *ever* seen, up his butt. Well, they finally got it in. Jon started screamin' like the guy was rippin' him apart. I'm sure from the size of that monster cock the guy musta been doin' *exactly* that. Shit! I'll fuckin' bet he almost ripped out a new asshole for Jon! But, sure as shit, pretty soon Jon

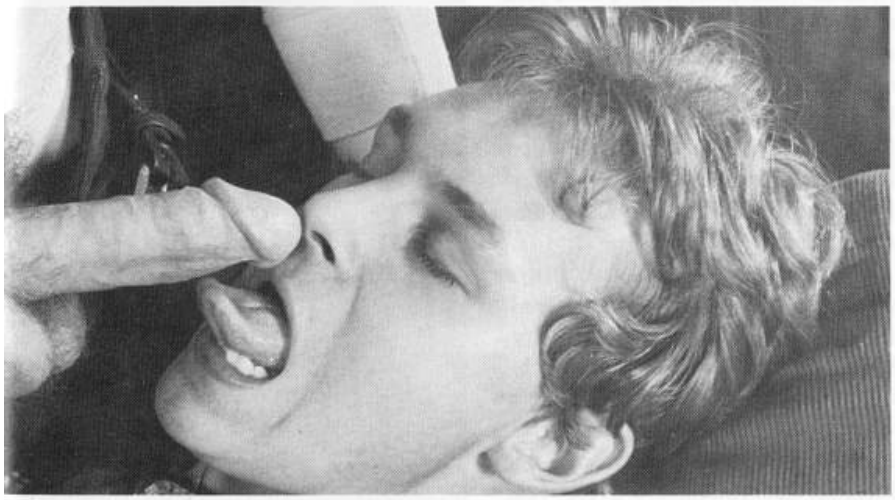


BODY

was really drivin' his hips back on that thing and beggin' the guy to *really* ram it to him, to really *fuck* the shit outta him, sayin' that he *loved* it and had it done to him *lots* of time before!

Well, I couldn't hardly wait. Just as soon as the guy blasted his nuts, fillin' Jon with hot cum, I moved in right behind Jon myself. I shoved my cock in that tight asshole. I fucked the hell out of that





bastard. Part of me was doin' it so rough because he'd never told me before that he *liked* it and I was pissed about all the hot times we'd missed out on! I sure as shit intended to make up for them too! I'll tell you that for sure!!

That was when I felt that first cock inchin' into my *own* little butt, while I was still poundin' the shit outta Jon's butt. I musta been good at ass-fuckin' because Jon was beggin' me to really ram it to him, to really rip his asshole apart!

At first that cockhead jabbin' at my butt just sorta fooled around at the crack a'my ass. Then the head sorta slid in, then a hard jerk of the dude's hips and that cock rammed its way—actually I should say *RIPPED its way*—all the way into my tight, virgin asshole! I fuckin' *SCREAMED.* BUT, that turned the bastard on *even more!* He pounded away, rippin' the shit outta me!!

I finally managed to turn around and look and, be damned, if it wasn't *NEIL!!* That horny, blond fucker was really plowin' my butt. I gotta admit when I saw who it was, that I did relax a little. Another reason, I gotta confess, is that it was startin' to feel, well,

not really *good,* but kinda like this fire was just startin' to go off somewhere deep inside my guts. Then, just then, ole Neil hit somethin' somewhere deep inside me with his hard, hot cock. It fuckin' felt like fireworks were goin' off in my guts!! I have NEVER, *NEVER* felt anything like that. Then my nuts fuckin' exploded and I musta shot a gallon of cum into Jon's buckin' butt!!

I was sure that I had had it, I mean I had *really* had it. I'd already shot off five or six times, sucked a huge cock on a hot teenager and gotten the shit fucked outta my ass by my buddy, Neil. All I was fuckin' good for was sleepin'. I sagged onto the floor and just collapsed into a useless, fuckin' *heap!*

Well, I musta gotten about five or ten minutes' sleep. What woke me up was the sound of a cock being sucked! Now that'll *always* wake me up!! I looked up. There was Jon workin' on this humpy guy's big dick, suckin' like his life depended on it! The guy was the *phone man.* He still had his fuckin' uniform on. That hot fuckin' Jon hadn't even given the dude time to undress before goin' to

BROWN'S BODY

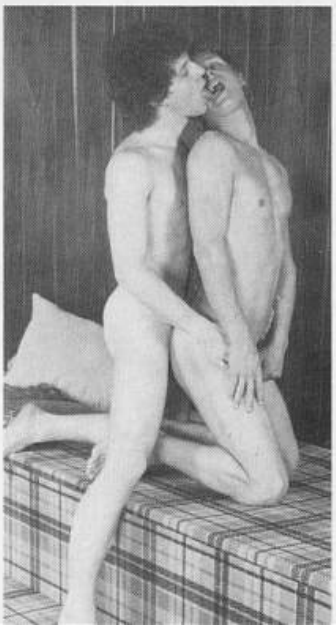
work on the stud's big droolin' rammer!

That was when this wild thing started goin' on inside me. I wondered what it would feel like to take a big, husky, grown-up man's cock in my throat. I inched myself over and started lickin' the guy's balls while Jon worked on his cock. The guy moaned. Jon smiled at me and, pullin' his mouth off the guy's cock, offered it to me. I just sorta closed my eyes and let that big stiff thing inch into my mouth, only it didn't *stop* inchin' until it was shoved all the way in my throat! That fucker gave me a face fuckin' I'll *never* forget, no matter how many cocks I suck, and I sure as shit *do* intend to suck a lot of them, *LOTS AND LOTS!!*

Well, I sure got a start this summer. You name it and I sucked it, sailors, milkmen, kids on the island without their parents knowin' it, even the *cop* who patrols the beach for christ sakes! I mean every one of them!! AND, I didn't just stop with suckin' either. I got

every one of those big, hard, hot pricks shoved up my asshole at least once! Then, too, there was that hot lifeguard at the beach. Hell, I let that dude ram his big dick to me any way he fuckin' wanted to do it!! And *did* he ever fuckin' want to do it, every way he could, again and again and again!!

As far as me and Neil and Jon, well, if there was ever time when we didn't have that place full of hot-nutted, hard-cocked guys—which of course there *wasn't*—we still managed to find time for each other! I mean, no matter how many other guys there were



around that place, big hard throbbin' cocks stickin' outta their pants, me 'n Jon 'n Neil could *always* find time for each other!

Hell, I don't even know how many times I sucked Jon or let him suck me last summer. I don't know how many times I fucked him or vice versa because by that time I'd really learned to love my vice versa—if ya get the little joke! The same was true of Neil and me and Neil and Jon and, I gotta confess, many times Jon and Neil and me all at the same time. Now *that* was *really* hot! Even now there's nothin' better that I can think of than gettin' my mouth on a hot cock, unless it's *TWO* hot, hard, ready-to-spurt hot cocks!!

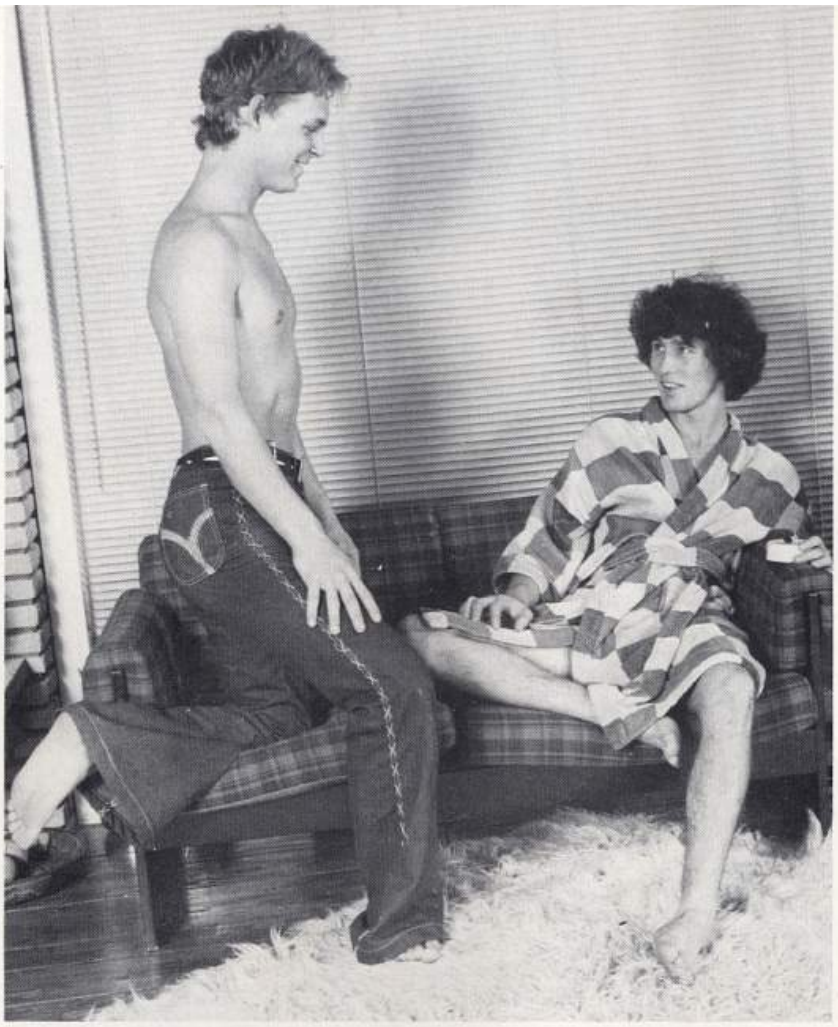
And, that is how I spent my summer vacation!

Barry Matlin

Mr. White—

This isn't part of the essay you asked us to do for English class. But, I did think I'd better add a couple of notes of explanation. Ya see, I've tried to be really "original" like you told us to be. I even made up a title for my essay, instead of just callin' it "How I Spent My Summer Vacation" like I'll bet half the fuckin' class did. Another thing, about the language. Well, it's how I talk and you said for us to write just the same way we talked. Then you asked us to write about something that we had really experienced but to do it in such a way that it would be interesting. Well, that's just what I tried to do.

All this is absolutely true. It's just as it happened this summer to Jon Amos, Neil Boarth and me, Barry Matlin. As to its bein' interesting, well, I gotta tell you that I've been watchin' you and seein' the way you've been checkin' out the bulge in my pants. If you wanna know, it's really real, every inch of cock that you see is me. I knew you were interested when you got up from your desk and



you had a hard-on, just like the one I had, from workin' it a little bit in my pants, gettin' it good and stiff and ready f o r when me and Neil and Jon have gym class together. Once I saw that big thing of yours stickin' out in your pants, and I knew I *just* had to get my hands on it, or my mouth or my asshole or whatever else you'd let me get it with. I'm pretty sure that *you'd* go for it! I sure as hell know *I* would!!

As to the suggestion you made, you know, about usin' our imaginations in preparing and presenting our essays, well, it just so happens that me and Jon and Neil took some wild photos during last summer. We tried to get some of the studs we did it with to pose for pictures too, but none of them would do it, so I'm afraid that all these photos are just the three of us, suckin' and fuckin', but you do have to admit they are pretty fuckin' hot! I've put them togeth-

er in this book-like thing so you can look at them without causing any suspicion when you do. Oh yeah, sorry if some of the ones of Neil and Jon are a little fuzzy, but I was so fuckin' hot that I could hardly hold the camera, much less focus the fuckin' thing! It is pretty rough to try and take pictures and jack-off at the same time. *You* should try it sometime, me and Jon and Neil would be glad to pose for you if we could watch you jack-off!!

Also, I hope you understand the title. It's really easy if you think about it. You know the old expression, "Fuck like a rabbit," well, since that's what the three of us did all summer, that's what we decided to call the place. It is a name that couldn't be more in keepin' with what went on in that place.

The last thing I hope is that you like my essay and I sure do hope that I'll get a real good grade.
